

## **Clinical Cosmetic Nurse/Physician Assistant**

Heron Med Spa

Part-time, Commission

Must possess Virginia licensed PA, FNP, LPN, RN

Must have at least 2 full years' experience performing injectables.

**Please do not apply if you do not meet these two prerequisites.**

Clinical Cosmetic Nurse or Cosmetic Physician Assistant experienced in cosmetic services in a clinical cosmetic environment, including by not limited to Dysport, Botox, Restylane and Revanesse dermal fillers, Sculptra and various aesthetic devices and procedures.

We are a busy full-service medical spa and surgical practice looking to expand our cosmetic injectables business.

- Must be versed in providing injectable cosmetic products including Botox, Dysport, Xeomin, dermal fillers, Sculptra and PDO threads.
- Two years of experience performing cosmetic injectables is required.
- Certificates of training and experience with IPL, ThermiVa, SculpSure a plus.

The majority of your time will be spent seeing patients and utilizing your creativity to foster an atmosphere for exceptional customer service.

1. We mandate a team centered environment and require constant professional development.
2. We believe in developing our people, as they are the frontline for providing our patients a once in a lifetime Med Spa experience.
3. We are offering a profit split for the right candidate. We would love to have you become a part of that opportunity.

### **EDUCATION**

BA/MA, PhD

PA, FNP, LPN, RN license in Virginia (or compact state license) required

Current BLS/CPR certification is required

Aesthetic device training highly recommended

Aesthetics certification preferred (Basic, Advanced injection training with AAFE for example)
